BEST PLACE TO GROW
(SINCE 1978)

— Best place to grow —

"**Education** should not be preparation of life; It should be life."

" We should teach children **the way they learn**, rather than expecting them to learn the way we teach."

"The way we talk to our children becomes their inner voice!
children are mirrors.
when they are in the presence of love, that's what they reflect.
when love is absent they have nothing to give out."

"There are two educations; the one that teaches **how to make a living** and the other that teaches **how to live.**"
